

Doaa Gamil

GRAPHIC & FASHION DESIGNER

PROFILE

I have a great conviction that on a communication level, the world has become more integrated. Various media can be used to make a statement, whether through a visual, a text, or an outfit, be it virtual or real. Complementing my professional experience, I believe that mastering different media or languages will give me the ability to express myself in the best form possible, and bring forth my unique impression and impact onto this world.
